Camera Model and Sensor Format: Canon

Lens Make, Model and Focal Length: Canon

Height of Camera Lens above Ground (mAOD): 1.5m

Canon EOS 6D, FFS

Canon EF50mm f/1.4 USM

This wireframe is based upon Nextmap25 data with spot heights at 25m intervals and does not precisely model small scale changes in landform or sharp breaks in slope. The wireframe model does not allow for the screening effects of vegetation or buildings.

The model of turbine shown is similar to that proposed for the development.
