

About RES

RES is a British company with headquarters in Hertfordshire. It is the world's largest independent renewable energy company, working across 24 countries and active in wind, solar, energy storage, biomass, hydro, green hydrogen, transmission and distribution.

As an industry innovator for over 40 years, RES has delivered more than 24GW of renewable energy projects across the globe and supports an operational asset portfolio exceeding 41GW worldwide for a large client base.

Sustainability lies at the core of our business activity and values, and we have been leading efforts to create a future where everyone has access to affordable zero carbon energy. The 24GW of green energy that we have developed and/or constructed offsets more than 21 million tonnes of carbon every year.

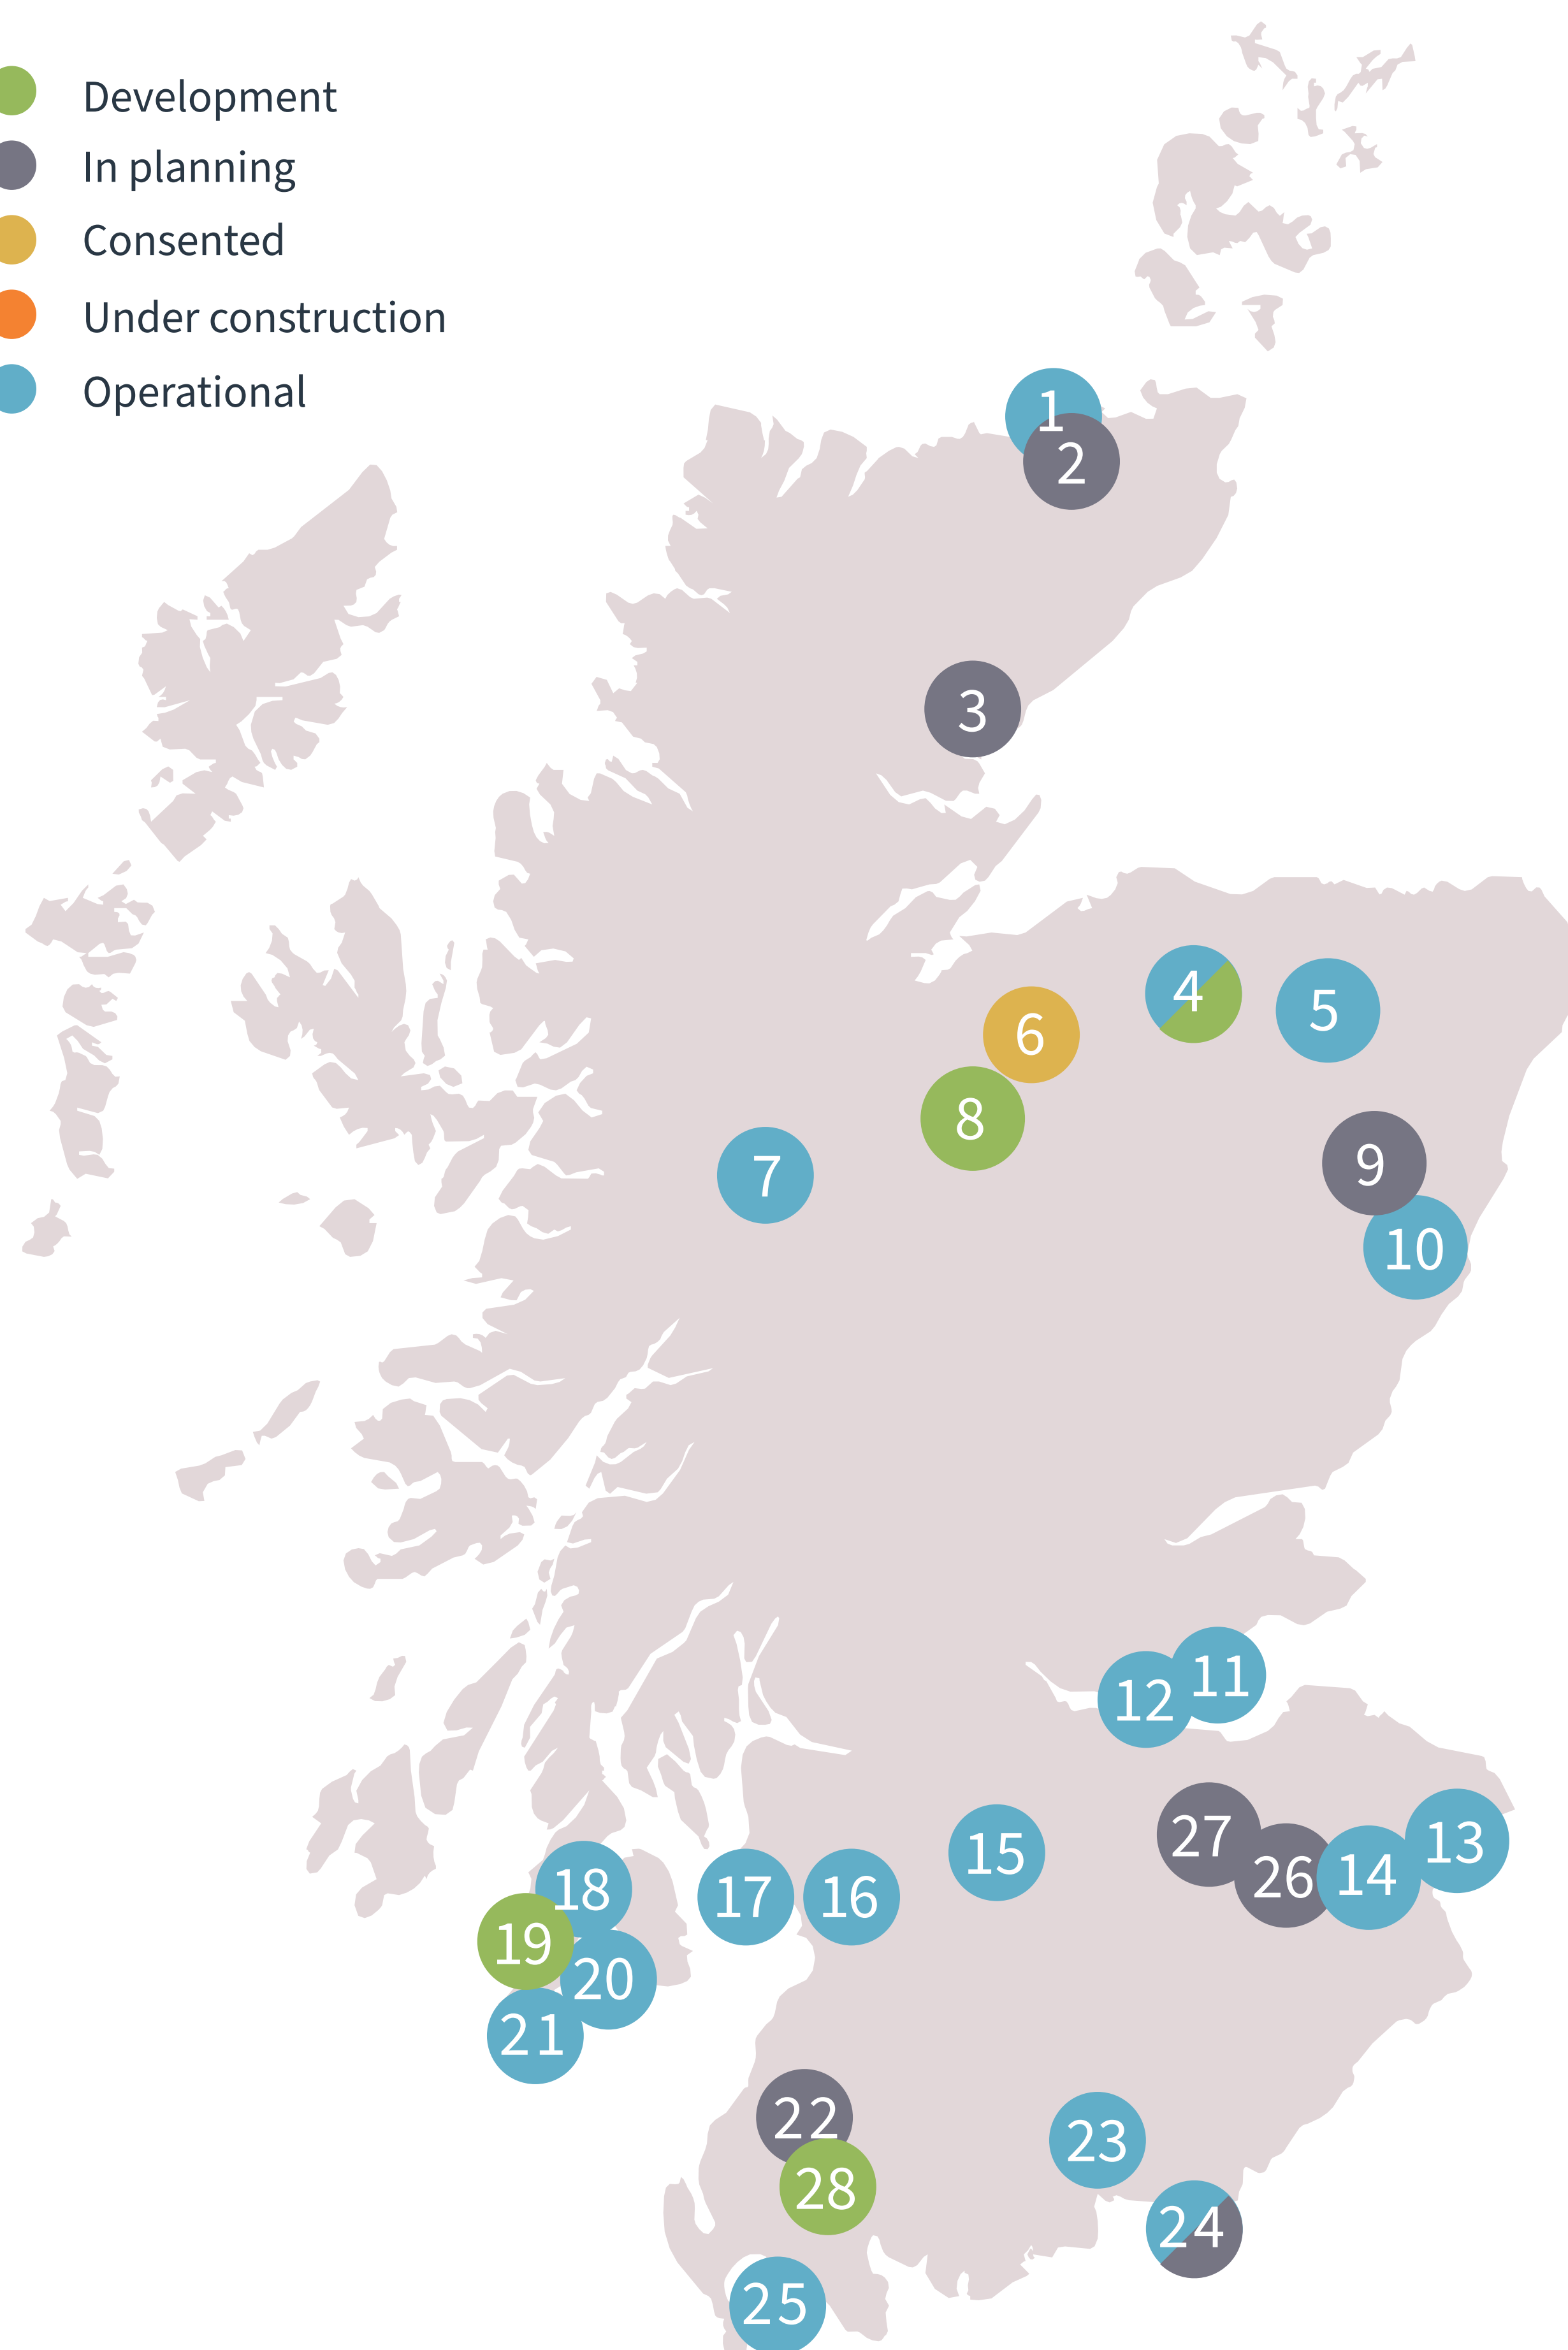

RES In Scotland

RES is a privately-owned company with a proud history in Scotland. We grew out of Sir Robert McAlpine, a British family-owned firm with over 140 years of experience in construction and engineering including the Glenfinnan Viaduct in the Highlands and the Emirates Arena and Sir Chris Hoy Velodrome in Glasgow.

From our Glasgow office RES has been developing, constructing and operating wind farms in Scotland since 1993. We have developed and/or built 22 wind farms in Scotland with a total generation capacity of c.660MW and currently operate over 550MW of wind farms across the country, including Solwaybank Wind Farm near Langholm. We were also involved in the 11-turbine Glenchamber Wind Farm near New Luce, which we now operate. Our work with local contractor Luce Bay during construction of the wind farm, saw more than £8 million invested in the local economy, during construction, providing employment on site for 45 local people.

Onshore wind projects in Scotland

- Development
- In planning
- Consented
- Under construction
- Operational

RES has developed and/or built and/or operates a range of projects across Scotland including:

- 1 Forss I and II
- 2 Cairnmore Hill
- 3 Kintradwell
- 4 Hill of Towie I and II
- 5 Glens of Foudland
